

AP Chemistry Summer Work 2021

Chemistry, 10th Edition

Steven S. Zumdahl, Susan A. Zumdahl, Donald J. DeCoste

Published: © 2018

ISBN-13: 978-1305957404

ISBN-10: 9781305957404

Active Learning Questions:

Ch.1-#35,41,83,87

Ch.2-55,61,65,69,89

Ch.3-39,67,74,103,119

Show your work for any chemistry problems that involve calculations and box your final answer

-Make sure to review polyatomic ions, metric conversions, solubility rules and molecular geometry from Honors Chemistry.

Workbook for General Chemistry by Bassam Z.Shakhshiri and Rodney Schreiner
Complete Lessons 1-4 (includes exercises and problems)

Please pace yourself. This can not be completed in one day.
