

AP Psychology Summer Work

Summer Assignment: *Outliers* by Outliers (by Malcolm Gladwell)

1. Buy the book and read it over the summer.
2. As you read, annotate each chapter with thoughtful comments (in the margins of the book)

Your annotations must include:

- 5 claims Gladwell makes
 - 5 pieces of evidence he uses to support his claims
 - 5 questions or doubts you have about his ideas
 - 5 connections to AP Psychology concepts
 - various comments/thoughts you have while reading the book - at least 15
3. During the first week of school, there will be an in-class activity. You will write about and discuss a prompt given by the teacher.
